INJURED LAD FLOWN TO HOSPITAL HERE

A merry flight Sunday brought seven-year-old Leonard Poliwada of Manning to University hospital. The youngster is reported to have been killed in the head by a horse.

Manning is about 80 miles north of Peace River.

Colombia Breaks With Soviet As Revolution Is Put Down

WASHINGTON, April 12.—(BUP)—The Colombian government radio announced today that Colombia has broken diplomatic relations with Russia, a dispatch to the state department said.

By The Associated Press
 A new coalition government claimed today to have put down a "Communist insurrection" in Colombia—the mob uprising that wrecked the heart of Bogota, scene of the Pan-American conference.

Century Old Pioneer Dies

One of Alberta's oldest and most active citizens died in Calgary Friday, three months short of his 100th birthday.

He was Allan P. Patrick, reknowned as a gardener and a bridge player, and who had done commercial surveying work after his 60th birthday.

His father had been clerk of the Upper Canada legislature for forty years, and on confederation was named by Sir John A. Macdonald as the first clerk of the Canadian House of Commons.

Allan Patrick's personal story reads like a history of Canada. He surveyed railway lines around the north shore of Lake Superior in 1860, fought against Fenians with the Queen's Own Toronto Regiment in 1866 and 1870, surveyed in Manitoba in 1871, in Alberta and surveyed the Stoney and Soreau reserves in 1881.

He served in the armed forces in the Boer rebellion, and then became a member in Alberta.

He surveyed the city of Calgary and every town between Edmonton and Calgary with the exception of Leduc.

He married Margaret Charlotte Peterson of Pictou, N.S. in 1887. She died in 1940.

He was an alderman of the city of Calgary in 1922. His birthday cake for his 98th birthday was cut by the city. He was cut by the city. He was cut by the city.

He is survived by two sons, A. W. Patrick, Leduc, and Lawrence of Calgary, and two daughters, Mrs. P. K. Heather, Mrs. James Gledhill, Mrs. Lillian Morrison, and Mrs. Grace Spencer, Calgary, and Mrs. Thomas Vickers, Edmonton.

BANDITS GET HAUL OF \$4,200 IN ROBBERY OF CITY STORE

Victims of Thugs

THEFT VICTIMS mourn losses and bruises Sunday after discovery of a \$4,200 haul from Poder's Furniture, 104 street and Jasper, and an unsuccessful attempt to rob the safe of Canadian Bakeries Ltd., in which the night watchman was bound and shrouded in a bag. Louis Poder's (left) surveys wreckage of his safe from which loot, including \$500 in war savings certificates for his grandchildren, was obtained. Fred Wilschutte (right), an employee of Canadian Bakeries, surveys safe which foiled robbery attempt by two armed bandits. John Podd, night watchman, (centre), displays twine used to bind him. Thieves overlooked \$73 in his pocket.

No Libel Appeal Planned by Ata.

No New Action Contemplated Says Attorney-Gen. Maynard

No action to renew charges of conspiracy to commit defamatory libel against Jack Kent Cooke, Harold Dugman or Dr. Charles Whitton will be taken, it was announced Monday by Hon. Lucien Maynard, K.C., attorney-general.

Mr. Justice Boyd McBride, who on Friday freed Cooke on a charge of counselling to publish a defamatory libel, will be taken Mr. Maynard said.

Charges arose from publication in the December 27 issue of New Liberty magazine, of which Cooke is publisher, of an illustrated article "Babies for Export" written by Dugman from findings of a report compiled as a result of a survey of welfare condition in Alberta by Dr. Whitton.

On Monday last week all three accused appeared in Alberta Supreme court to face charges of conspiracy to commit defamatory libel, but were released when the crown entered a stay of proceedings on that particular charge and proceeded with a charge against

By ELIY SIMON
 JERUSALEM, April 12.—(BUP)—British ground forces shot down a Haganaa trainer plane in the first incident of its kind of the Palestine campaign.

British army sources reported that an Arab Legion convoy attacked under Haganaa attack sent a radio call for help. British troops aped to the scene, were shot at by the plane, and thereupon shot it down.

The Haganaa pilot was reported killed. Haganaa sources had no comment on the incident.

M. W. Richardson, Canadian trade commissioner in Bogota, reported by wireless yesterday that all 200 Canadian citizens in Bogota were safe. His message was intercepted at Dartmouth, N.S., by a woman amateur radio operator.

Colombia, 400-year-old mountain capital, was a picture of devastation. The latest city morgue count showed 300 persons dead. Public buildings, Roman Catholic churches and stores were burned and looted. Soldiers guarded downtown street corners.

He surveyed railway lines around the north shore of Lake Superior in 1860, fought against Fenians with the Queen's Own Toronto Regiment in 1866 and 1870, surveyed in Manitoba in 1871, in Alberta and surveyed the Stoney and Soreau reserves in 1881.

Gunmen Fail in Second Attempt to Loot Bakery

More than \$4,200 loot was obtained from one safe when yeggs attempted two safe-crackings Saturday night. The other attempt was abortive.

Losers were Poder's Furniture, 104 street and Jasper.

The bandits obtained \$3,238 in cheques, about \$500 in cash and another \$500 in war savings certificates.

They gained entry through an office window and left by the rear door.

Poder's said it was an "expert" job of safe-punching. The theft was discovered about noon Sunday by an employee.

John Podd, night watchman at Canadian Bakeries, was trapped by two armed would-be bandits about 1:30 a.m. Sunday.

WARNED "DON'T MOVE"
 Podd said he was sitting at a desk when a voice behind him warned, "don't move."

He saw one man with a gun out of the corner of his eye. One of the men asked how many people were working in the place. "I replied, 'just me, but you'd better hurry up, three more are coming soon,'" said Podd.

Podd was bound about the wrists and ankles with twine and a sack thrown over his head.

One of the men started with Podd while the second went to the office. Podd said he heard a muffled report and the other man returned.

"Did you get it?" asked one of the men. "I replied, 'yes, but I'm a hard-luck youngster who looked very promising a year ago, is side-lined with a leg injury. Hate was unable to make the trip."

Bill Thackack, a forward, will make a first appearance of the series for Keos.

Saskatoon Arrows management will hang out the SRO sign early Monday afternoon. Reserved seats to the number 485 had already been snapped up. Approximately 1,000 standing room tickets are to go on sale later in the day.

Interest in the game is high. Players will be without the services of Gordon Watt, their captain, and stand-out defenceman. His place will be taken by Doug Lane.

Ball team plan to leave for Edmonton after the game, arriving in the Alberta capital early Tuesday.

Atlantic No. 3 Not Subdued

Special equipment from the U.S. will be required to subdue rampaging Atlantic Ledge No. 3.

Decision was made by officials of Atlantic Oil, Haliburton Oil, Well Cementing Company, Detonator-Spencer and General Petroleum, it was learned today.

To date, 12,000 sacks of cement and chemicals have been poured in to the apparently bottomless hole.

SEEPAGES CONTINUE
 Gas seepages, which began March 15, are still out of control. Excessive porosity in the D3 zone at the bottom of the 1,300 foot-deep hole is believed to have drained off the cement before it could set.

Gas continues to erode the surface as far as 1,500 feet from the well.

Source of the gas is the Viking sand, 3,000 feet down.

Jasper Woman's Husband Killed
 PORT ALBERT, K.C. April 12.—(CP)—Raymond Paul Butler, an employee of Pacific Coast Copper Company at Nohm on the Alberta canal, was accidentally killed by the discharge of a 22 rifle Friday.

An investigation is being made by provincial police. Butler is survived by his widow, who is at present living at Jasper, Alta.

Butler is survived by his widow, who is at present living at Jasper, Alta.

Butler is survived by his widow, who is at present living at Jasper, Alta.

2-Zone Production Area Is Extended

An extension of the two-zone production area in the Leduc field was assured Saturday night by the successful drilling of the No. 2 in the D3 zone. Oil came to the surface in 43 minutes after the flow first at 40,000 cubic feet daily. Test was made at an interval of 10 minutes.

The casing is now being run in preparation for a production test.

The well had previously been assured of production in the D2 zone as a result of last week's tests when oil came to the surface in 35 minutes.

The property is situated almost two miles south of Continental Leduc No. 1, which is one of the best D3 wells in the field. It is about the same distance southwest of Imperial Leduc No. 9, which also is a D3 well.

It will be followed immediately by further development of the 260-acre property.

Albright May Play Tonight

By STAN MORRIS
 Bulletin Sports Editor
 SASKATOON, April 12.—(Clt)—Midnight, basketball University of Manitoba student, may come on from Winnipeg in time to line-up with the Red Wings.

He is the third of the best-western Westerns Allan Cline films.

Albright was to write an exam Monday morning after which the hope was to get him about a private plane for a quick hop to Saskatoon.

Reed definitely need Albright. Of the original cast with which Art Barnett planned to cope with the best Flyer thrush, Don Clark, McRae and Paul Flatt will be absent.

He is the third of the best-western Westerns Allan Cline films.

FOUR INTERSECTIONS GET TRAFFIC LIGHTS

Installation of traffic lights at four city intersections has started.

Monday work started on the installation of the underground conduits leading to electric light poles, A. W. Haddow, city engineer stated.

Delivery of the lights is expected about Mid-May.

The lights will be installed at Jasper avenue and 102 and 109 streets; 100 street and 102 avenue, and 101 street and 104 avenue.

The camera system at 101 street and Jasper avenue has been placed underground. This work was completed Monday.

British Protests Sent To Russians

By JOHN R. McDermott
 BIRMINGHAM, April 12.—(BUP)—The British commonwealth in Berlin sent two notes to the Russians Monday protesting against the Soviet refusal to permit British transport and communication.

The notes, which were sent to the Soviet government, work in the Soviet zone of Germany.

Mrs. Gen. Neville Brownjohn, British deputy military governor, sent the letters to the Soviet counterparts, Lt. Gen. Mikhail Dvornik.

FIRST BRITISH FAMILY to come to Alberta under the provincial government's immigration project enjoyed breakfast in Edmonton today. Above are W. E. Moffat, 11-year-old son John, and Mrs. Moffat. Baby Glen was still sleeping in the family's hotel room.

"New" Albertans Reach City and Like Prospects

First British family to come to Alberta under the provincial government's immigration policy arrived in Edmonton Saturday.

Mr. and Mrs. W. E. Moffat, John, 11 years, and Glen, just over a year, were not expected by Alberta government officials, who believed their first welcome would be extended to another British family, now on the Atlantic and bound for Edmonton.

The Moffats had breakfast in London last Thursday and were taken to their trans-Atlantic aircraft that morning by R. A. McMillen, Alberta agent-general. They landed at Edmonton airport Saturday and had lunch at the Corona hotel.

FIRST IMPRESSIONS GOOD

When asked for their first impressions of Alberta, both Mr. and Mrs. Moffat said they were impressed with the snow. When he bade them adieu at London airport, Mr. McMillen had assured them they would arrive here after all the snow had gone.

"However, everyone is most apologetic about the snow," Mrs. Moffat said.

Hon. A. J. Hooke, minister of economic affairs, and Mrs. Hooke were in the city last Sunday and drove them around the city. The minister had told them they were seeing Edmonton at its worst.

"We think it's a lovely city," Mrs. Moffat said.

"We find it almost impossible to cope with the food situation," Mrs. Moffat laughed.

When John saw the menu for their first Canadian breakfast he passed the card to his mother and asked solemnly "Which of these are for breakfast, mother?"

It seemed incredible to John who does not remember any time when

Housewives Will Continue Fight

Cabinet Refuses to Give Hearing to Delegation

Despite word today that the Dominion cabinet will not hear protests and submissions from the Housewives' League of Canada, the league will continue efforts for a rollback of prices to the 1942 levels.

Mrs. J. Geddes of Winterton, president of the United Housewives of Alberta, planned to leave Edmonton Monday night with other delegates to the league for Ottawa.

The Alberta representatives of the league are joining with league representatives from other provinces in a protest to the federal cabinet on advancing living costs.

Housewives are presenting a petition signed by more than 1,000,000 Canadians asking reimposition of price ceilings at the 1942 levels and subsidies paid to producers again on many staple commodities.

GOING RIGHT AHEAD

"We are going right ahead with our original plan of demonstration action on prices. If the cabinet will not hear our representatives we will have the question brought to the floor of parliament through members of the house of commons," R. J. Boutillier, secretary of the Alberta Farmers' Union, said.

The AFU is supporting Canadian housewives in their drive for lower prices.

Mrs. R. Luckock, Toronto, Dominion secretary of the Housewives' League of Canada, was informed this morning the cabinet would not receive a delegation from the league.

A car owned by P. C. Wilke, 9605 107 avenue, was broken into and a leather zipper case and falling jackie were taken.

O. H. Johnson, Arlington hotel, reported theft of a wallet containing two tickets from Peace River to Edmonton and baggage checks from a coast.

Festival Programs In Six City Centres

Schools' festival in Edmonton's fifth annual public schools' festival will be held in six centres in the city according to a schedule released today.

Centres where the displays will be staged are Westlawn high school, Memorial Hall, Eastwood school, Garneau school, H. A. Gray school and Milk Creek school.

First program will be held Monday, April 1 at 2 p.m. in Westlawn high school with Calder, Glenora, Jasper Place, Oliver, Riverdale and Westmount participating.

Tuesday morning activities, starting at 9:30 will also be held at Westlawn high school with Calder, Glenora, Jasper Place, Oliver, Riverdale and Westmount schools taking part.

IN MEMORIAL HALL

Tuesday afternoon the program will be held in Memorial Hall when Alex Taylor, McCauley, McDougall, McKay Avenue and Queen's Avenue schools take part.

Morning and afternoon programs Wednesday will also be held in Memorial Hall.

Alex Taylor, McDougall, McKay Avenue, and Queen's Avenue schools appearing at the morning and afternoon programs.

The three schools, Garneau, King Edward, and Queen Alexandra will appear at the Eastwood school and in the afternoon Garneau, King Edward, and Queen Alexandra schools will appear at the Garneau school Friday morning.

Inspectors Discuss Sanitary Conditions

Sanitary conditions in Alberta restaurants will be the topic of discussion Tuesday at the annual refresher course in sanitary inspection at the University.

Meets Tuesday

Resale Community League will hold its regular monthly meeting Tuesday at 8 p.m. in All Saints' Mission.

McLean Heads Hotelmen

Prominent Edmonton businessman, George W. McLean, was elected president of the Hotel Association of Western Canada at the annual convention held in Regina last week-end.

Mr. McLean is vice-president of the Alberta Hotel Association.

The convention held at the Regent Hotel here, succeeded Adam Peterson of Vancouver to the presidency of the western association.

Other officers elected were: Harry Boyce, Regina, first vice-president; Fred Thompson, Calgary, managing director.

The convention passed a resolution urging a hard-surfaced Trans-Canada highway be built by the federal government.

Dr. C. H. Caesar will address Chemical Institute of Canada, Edmonton section, at an open meeting in room 142, Medical Building, University of Alberta, Monday, 8 p.m.

Associated with Imperial Oil in Sarnia, Ont., Dr. Caesar will speak on aspects of petroleum refining. His lecture will be illustrated with lantern slides.

Cardinal McGuigan Arrives for Ceremony

James Cardinal McGuigan, Archbishop of Toronto arrived in Edmonton today.

His Eminence will preside over installation and consecration of two Roman Catholic monasteries here this week.

Tuesday, he will take part in the installation of Bishop Neil Savary, as Ukrainian Catholic Bishop of western Canada in St. Joseph's cathedral.

OLD FRIENDS GREETED

His Eminence greeted old friends as he stepped from the train here. He was formerly an Edmonton priest.

SHOW A BOTTLE of beer to Jack, 200-pound Russian wild boar, and he pleadingly grunts until you uncup it and pour the contents down his gullet. Jack belongs to Deputy U.S. Marshal Hugh Watson, of Sweetwater, Tenn.

Ex-Polish Premier Greeted In Toronto

TORONTO, April 12.—(CP)—Stanislaw Mikolajczyk, exiled premier of Poland, Sunday afternoon received an enthusiastic welcome from his countrymen living in Toronto. He and two colleagues were met by a large crowd of people who were shouting that the Communists are more

treacherous than the Nazis were. At a downtown theatre the visitors were also welcomed by Premier George Drew who said: "I am pleased to greet Mr. Mikolajczyk not only as the premier of Free Poland but as a representative of a nation which has done so much for the common cause of freedom." Speaking in his own language, Premier Mikolajczyk said his country is controlled by 200,000

secret police, who have approximately 20,000 helpers. "But," he added, "I still think the Polish nation will not yield." MARSEILLES, April 12.—(Reuters)—England Sunday won the British League international championship by defeating France 2-0 in a hard-fought match. It was the second time England won the title having taken the championship in 1908.

Youth of Europe Training for War

Nearly All Nations Slow Down Return to a Peacetime Basis

By Hal Cooper

LONDON, April 12.—(AP)—"Universal" is the word for military training in Europe today.

Some countries, an Associated Press survey shows, have started shoring up their defenses or at least slowing down the return to a peacetime basis for their armed forces. Nearly every able-bodied youth in Britain and on the continent is being taught to handle the weapons of war.

With the exception of occupied Germany and Austria they are everywhere subject to call for soldiering at ages ranging from 16 to 23.

AN INSTITUTION

For most powers of Europe, universal military training—subject of hot debate now in the United States—is an institution. The international tension of recent months merely has given it importance.

In France, for instance, the armed forces ministry decided recently without exception to hold up discharge of navy men who had

Duplessis Denies Sub-Machine Guns Seized In Quebec

MONTREAL, April 12.—(CP)—Montreal Mayor said Saturday in a dispatch from his Quebec correspondence that Premier Duplessis has denied reports of the seizure by the provincial police of sub-machine guns in northern mining districts.

The correspondent quoted the premier as saying: "Immediately after having read that story, I communicated with authorities of the provincial police and they told me the news item was not founded."

Duplessis Friday cancelled a scheduled press conference at which a statement on Communist activity was expected from him, following newspaper reports earlier in the week of the seizure.

Eleven-Year-Old Boy Hangs Self

ROCHESTER, N.Y., April 12.—(AP)—Covener David H. Alvarado reported that 11-year-old Richard Brown had hanged himself Sunday in the basement of his home after his parents had refused him permission to go to a motion picture show.

Boys will continue to register for the draft just before their 18th birthday. They are exempt if they enter the essential civil mining industry before the draft reaches them.

BID OF \$25 GETS LAD FIRE ENGINE

NAPA, Calif., April 12.—(AP)—Like most boys, 10-year-old David Hatfield dreamed of owning his own real, regulation-size red fire engine.

Last week he heard that the Napa city council was selling a 1928 model to make room in the firehouse for new equipment.

David counted his savings—earned by selling Christmas cards and doing odd jobs—and made a \$25 bid.

It was the only one the council received and David was awarded the fire engine.

Fire Chief Vernon Van Sant added the frosting. He threw in a free regulation fire hat.

Eisenhower Insists He's Not Running

WASHINGTON, April 12.—(AP)—Gen. Dwight D. Eisenhower said Saturday he "meant every word" of his statement Jan. 23 that he would not run for president.

The retired army chief of staff talked with reporters as he left a conference on defense with President Truman.

Asked for a direct statement on the presidency, Eisenhower said he did not talk politics with the press.

He added: "I made up my mind to say nothing more. I'm not talking any more, I find it doesn't do any good."

Interurban Crash Injures 45 Persons

DALLAS, Tex., April 12.—(AP)—Forty-five persons were injured, five critically, in the head-on crash Saturday of two interurbans near Dallas.

The electrically-operated interurbans crashed head-on and were derailed—the northbound car plowing 16 feet into the southbound.

Precision Cagers Garner Provincial Basketball Title

Steve Mendryk Sets Hot Pace As Machinists Edge Calgary

CALGARY, April 12.—(CP)—Edmonton Precision Machine cagers fought off a determined Calgary challenge Saturday night to capture the Alberta intermediate basketball crown. Edmonton dropped a 43-39 decision to Calgary Tech Bombers, but won the two-game, total-point play 109-104.

Bombers, trailing by nine points when Saturday's game opened, as a result of a 70-61 defeat in the opening contest Friday, were driven even on the total score with the Edmonton cagers, but the Calgary City Bombers fought back gamely to hold the advantage.

Don Buchanan, starred Tech with a 12-point performance, while Steve Mendryk captured scoring honors for the night with 15 points. Bill Taiter led seven points for the Bombers.

Tech opened with a rush and carried the play to the Edmonton club throughout the first half to take a narrow lead, but the Northern provincials put up a spirited fight and only moved down the floor when a late scoring opportunity was at hand.

In the second session, Edmonton straggled the ball and the

Cage Champions

REGINA, April 12.—(CP)—Regina Balfoer Tech won 61-57 and 89-68 victories over Saskatoon Redford Road Collegiate Sunday to take the Saskatchewan intermediate basketball championship by 25-point margin in the two-game total-point series.

Tech quitted was unable to break through with enough points to wash out the previous advantage held by the previous hoopers.

Edmonton—Hoffe 5, Mann 5, Huxley 4, Buchanan 4, Carr 4, Neil 3.

Calgary—Reifer 2, Catalano 2, Dwyer 2, MacKinnon 2, Kelly, Dahl Total—44.

Oldtimers Strut Stuff In Hockey Exhibition

MONTREAL, April 12.—(CP)—The old Canadiens' memories feuded, the oldtimers bolstered by a generous contribution of present-day players, was renewed at the Forum Sunday and the official outcome was a 5-5 tie.

The game netted \$5,781.80 for two children's hospitals.

Three disgraced youngsters, billed as recently-arrived Czechoslovakians, played with a style peculiarly like Peter Morin, Bobby Pepin and Harry Hammond of Montreal Royals.

LOTS OF SOUND HOCKEY

There was plenty of sound hockey when the younger players played in action and near the end, Bourdard's Canadiens were leading 3-2. In the last minute the whole team came forward and scored.

At Webster of Shawinigan Falls counted one for Maroons, and two goals each went to Reardon and Glen Harmon, Harmon's last apparently counting as a double with Canadiens outnumbered in the ice 13-4.

Wrestler Larry Moquin turned in a creditable game for Canadiens and staged a bout with Stenroos as a third period attraction.

"Nobody is going to put me if he can help it. I don't intend to lose two or three weeks of play light and will make those waste more getting back into shape. You can't afford to miss weeks if you're hoping to last 400 years."

McCarthy's check with the New Orleans physicians revealed that his second, third and fourth blood counts, made Thursday morning, was normal. But McCarthy drew an active part in further and more thorough checking within the next few days.

"I really feel much better," Williams said.

Williams broke in. "There's still some sickness in my right side but no sharp pain. I don't intend to take a rest. It is a dull ache."

Work and accompanied them to Boston. "I checked with the New Orleans physicians who first treated Ted and I examined him on the train," Dr. McCarthy continued. "At this point I would say that Ted will be normal after a few days rest at home. But in putting him on a light diet and will make those waste more getting back into shape. You can't afford to miss weeks if you're hoping to last 400 years."

Surrounded by a fair-sized group that included Cronin, personal friends, writers and photographers, Williams beamed as he listened to Dr. McCarthy's report and his further and more thorough checking within the next few days.

"I really feel much better," Williams said.

Williams broke in. "There's still some sickness in my right side but no sharp pain. I don't intend to take a rest. It is a dull ache."

Table Tennis Test Arranged For April 18

Junior and novice table tennis players who have been clamoring for a tournament, will get their wish April 18.

Many requests have been made for such a tourney, according to Jack Reilly, director of the Recreation Commission, as Edmonton Table Tennis Association and the commission got together and arranged a full program of events for each class.

The event will be staged at the USO Hall and will commence at 2 p.m. and a player who has not reached the quarter-finals of a recent tournament is considered a novice.

A special invitation has been extended to out-of-town players and their entries should be forwarded to Jack Reilly.

Junior must be under 20 years of age and a player who has not reached the quarter-finals of a recent tournament is considered a novice.

May Make Pro Puck Loops From Top Senior Leagues

HALIFAX, April 12.—(CP)—Clarence Campbell, National Hockey League president, has submitted a memorandum to the Canadian Amateur Hockey Association in Canada, the Halifax Herald said today.

The newspaper said it had learned that the memorandum had been received by a letter from the present CHA president, George S. Dudley of Montreal, Ontario, secretary of the CHA. It probably was a main topic at the annual CHA meeting April 23 to 27.

The story said the memo was an upshot of overtures made by the Pacific Coast League to the three professional circuits (National Hockey League, American Hockey League and United States Hockey League).

The Pacific League took the step because of the fact the member clubs of the league felt it was necessary for them to have some form of player protection as they regarded the present method of registration and control of hockey players in amateur hockey as inadequate.

GENERAL OUTLINE

The general outline of the Campbell plan was:

1.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

2.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

3.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

4.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

5.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

6.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

7.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

8.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

9.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

10.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

11.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

12.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

13.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

14.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

15.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

16.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

17.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

18.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

19.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

20.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

21.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

22.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

23.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

24.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

25.—The professional hockey league would have a reserve list of not more than 10 active players and two goalkeepers for each team, one of which would be a senior amateur player, providing that such players were signed to a contract.

All-Weather Road Goal of Farmers

Settlers Adjacent to Rocky Organize to Press Demands

ROCKY MOUNTAIN HOUSE, April 12.—Farmers of the Bingley and Sleepy Valley districts met in the Sleepy Valley school recently to discuss their road problems and it was unanimously agreed that the district must have an all-weather market road to its business centre and hospital in Rocky Mountain House.

ALBERTA PLANS TO PROBE DEATH OF BIG RAT

CALGARY, April 12.—(CP)—Alberta, which proudly lays claim to be the only rat-free region on the North American continent, last night announced plans to launch an investigation into the death of one of the rodents.

A full-grown brown rat was killed in a railway grain car at Aldridge, Alta., about 20 miles north of here last Friday by an elevator mast. The rat was brought to Calgary and health department officials notified.

Dr. W. H. Hill, Calgary medical health officer, said an investigation would be made to find out exactly where the grain car came from.

Teachers Address Red Deer Meeting

RED DEER, April 12.—Two members of the teaching staff of the Central Alberta Teachers' Association, School, spoke at the monthly meeting of the Red Deer Home and School Association on Wednesday evening. Miss R. Balthorn spoke on the agricultural course, and C. Flanagan gave an outline of shop work.

A number of films were shown in connection with the talks. E. M. Castella, trustee of the Red Deer Public School Board, presided, and the meeting was in the home economics room of the High school. There were about 50 present.

Anglican Church Plans Recital

EDMONTON, April 12.—Parish of St. Mary's Anglican church is planning a musical recital for April 25 in the Legion hall.

Two piano numbers will feature the program, the artists being Miss Anna Scott and Rev. H. G. Brent. Miss Ruth Gillis of Edmonton is also featured.

Proceeds of the recital are to be used for church renovations.

WELFARE MEETING
HANNA, April 12.—Robert Moore attended the recent meeting of the Welfare department in Edmonton.

Bill Broome, former manager of the bowling alley here, has returned to Calgary and has been succeeded by Leo Kirby.

FORMER BURMA GOVERNORLISTED AS A "SPIV"

LONDON, April 12.—(AP)—Registered under the so-called "spivs and drones order" as a "spiv and drone" and not gainfully employed.

Col. Sir Reginald Hugh Dore, former governor of Burma and agriculture minister in the Chamberlain government, is signing up Friday at the labor exchange near his country home, which he reports he lives on his savings.

I am a law-abiding citizen and not gainfully employed," said Sir Reginald, who is 62.

"The fact I employ men on my estate who are gainfully employed is neither here nor there."

Didsbury Couple Married 56 Years

DIDSBURY, April 12.—Mr. and Mrs. Wilson Hain of Didsbury celebrated their 56th wedding anniversary on Tuesday last.

Widow Didsbury, who formerly was with RCMP stationed at Oda, has been appointed chief of police at Didsbury and has entered upon his new duties.

Didsbury council is calling for tenders for the installation of its new waterworks system.

Janette Jay, only daughter of Mr. and Mrs. James Worrall, was married April 3 to Lawrence Alexander Hunter, son of Mrs. Emily Hunter and the late Thomas Hunter of Didsbury.

Gunn To Build Community Hall

GUNN, April 12.—A good crowd attended the recent dance sponsored by Community Club, the proceeds of which are to be used to help build a new community hall.

J. J. Nevel, president of the club was in charge of arrangements and Mrs. Vandell master of ceremonies.

Children donated by Mrs. Vandell were in charge of the refreshments. Freds Erickson was elected president.

Woman Charged With Bludgeoning Her Son To Death
NEW LONDON, Conn., April 12.—(AP)—Mrs. Frances Morris, 40, was charged Sunday with bludgeoning her 10-year-old son to death while he was asleep.

The boy, Robert T. Morris, Jr., died in a hospital early Saturday after an hour after his father found him bleeding profusely from head wounds. On his bed, police reported, were a heavy Silken wrench and a pair of big scissors.

Police said they had been told that Mr. Morris suffered from a mental illness and that he had a communicable disease and feared she had transmitted it to her son.

Charles W. Farr Dies At Vancouver

RED DEER, April 12.—Word has been received by Red Deer friends of the death at Vancouver on March 31 of Charles W. Farr at the age of 53. He was a former resident of Red Deer, coming here in 1908 to join the staff at "Where Motors." In 1940 he moved to the coast in the hope of bettering his health. During his 14 years in this city Mr. Farr became widely known and well liked.

He served as secretary of the Red Deer Fish and Game Association for a number of years. It was perhaps through his interest for hockey that he was best known in Red Deer. He followed all the teams and he probably gave more of his time in this direction than anyone else ever did here.

Trail Rangers and Girls' Explorer raised a substantial sum towards the purchase of a new sled for a team of sled dogs and a sled dog team to Goose River and Goose Mountain, some 80 miles distant.

Hastings Lake Farmer Dies

TORFELD, April 12.—A. C. Hoover was again blocked as a result of a drifting wind.

Trail Rangers and Girls' Explorer raised a substantial sum towards the purchase of a new sled for a team of sled dogs and a sled dog team to Goose River and Goose Mountain, some 80 miles distant.

Vegreville Family Moves To Coast

VEGREVILLE, April 12.—Mr. and Mrs. George Douglas, residents of Vegreville for over 30 years, have moved to the coast.

Members of St. Mary's Women's Auxiliary, through Mrs. W. McGowan, vice-president, made presentation to Mrs. Douglas at a recent meeting held at the home of Mrs. M. Medard.

Mountain Park Wins In Festival

MOUNTAIN PARK, April 12.—The play, "Valiant," presented by Mountain Park high school was judged the best at a recent drama and music festival held at Cadomin.

Mountain Park school also won first in choral speech and singing in division II directed by Mrs. Ross and in singing in division IV directed by Mr. J. Melnychuk.

About 400 children took part in the festival. The festival will be presented to the Mountain Park residents on April 11, at 8:15 in the evening in the Union Hall.

The successes of the Camrose Maroons are keenly followed by the Park hockey fans as several players on that team reside here.

Alexander Leaves For Visit In Britain

OTTAWA, April 12.—(CP)—Viscount Alexander, accompanied by Air Marshal W. A. Curtis, chief of air staff, and several senior RAF officials, left Ottawa Saturday for a visit to the United Kingdom.

The governor-general will stay in England for three weeks, taking part in the ceremonies surrounding the 60th anniversary of the institution of the Order of the Garter. He will return April 28 or 29 in time for a projected tour of the Western provinces.

Botha Telephone Rates Increased

Botha, April 12.—All directors of Botha Mutual Telephone Co. were re-elected at the recent annual meeting. In view of greatly increased cost of operations, rental rates are being raised.

TRAPPERS REPORT POOR FUR SEASON

HIGH PRAIRIE, April 12.—A poor trapping season this year is reported by Walter Chress of High Prairie and Billy Johnson, of Enilda, who run a registered trap line along the East and West Prairie rivers and into the Goose Mountain area.

Wild mink, squirrel and weasels formed the greater part of the catch. A huge grizzly bear was also taken. Trapping finally had to be abandoned due to some five feet of snow in the bush. The trappers travelled by dog team to Goose River and Goose Mountain, some 80 miles distant.

Roads Blocked Around Hardisty

HARDISTY, April 12.—Roads around Hardisty were again blocked as a result of a drifting wind.

Trail Rangers and Girls' Explorer raised a substantial sum towards the purchase of a new sled for a team of sled dogs and a sled dog team to Goose River and Goose Mountain, some 80 miles distant.

Aid-to-Russia Meeting Speaker Is "Heckled"

By John Paterson
VAL D'OR, Que., April 12.—(CP)—The pressure now being applied on displaced persons to influence their political thinking was emphasized by two week-end rallies, one which praised aid-to-Russia campaigns and the other an anti-Communist rally called by the Knights of Columbus.

Friday night, DPs' local representative of the Association of United Ukrainian Canadians, when he attempted to describe the wonders accomplished by \$220,000 collected from Ukrainians in Canada and distributed among refugee children in Ukraine.

"Where you there when the distribution was made?" one DP asked. When Tericio said he was not, his heckler replied "Well, I was and you are a liar. You get all your information from DPs."

When DPs began to ask more questions, Tericio refused to answer and tried to speak on other matters.

On Saturday, more than 100 DPs now working in local mines attended the anti-Communist rally.

"DPs are bitterly anti-Communism," he said. "They are beginning to change to fight Communism, in a newly-adapted country. They long to speak English as they can tell Canadian what Communism really means."

"The Russians killed as many of our countrymen in one year as Germans in three years of occupation," he said.

There are about 300 DPs working in the mines in this district.

SASK. MAN MADE COMPLAINT—JAILED

A complaint to police Saturday by Samuel Buhr, Saskatoon, brought about his own arrest. He reported to police that he had given a man \$48 on Friday night to bail a friend of his out of jail. His friend wasn't bailed out and so far Buhr has not seen his \$48.

The name Buhr had a familiar ring to police. A check revealed he is wanted in Saskatoon on false pretences charges involving \$1,400 and also wanted by RCMP here on false pretences counts. He now awaits transportation from the city jail.

Vigor and Vitality Of City Impressive

By Jack Scott

I may get awfully tired of pushing a certain large Mercury sedan out of Alberta's capital. This particular dead weight belongs to an Edmonton pal of mine, a super-salesman of the foothills, who has been picking me up daily for expeditions to prospering points outside the city.

We have been making good time. The car runs at actually getting to an oil well in the thriving Leduc area and have so far established a perfect record of failures.

Spring is heating out all over the roads in from the main highway are mud bays and Edmontonians have a curious relation along using chains. The result so far—three out of three—has been sudden swerves into the mire of ditches.

ALBERTANS UNDISTURBED

Albertans were disturbed by this seasonal hazard. The technique is to sit back in the lifted car, light a cigarette and wait for the first truck to come along containing two or more able-bodied men. The truck always stops, the men wade out to the car, and the car is ready to go. Yesterday we got close enough to see the snow-covered fields of the country. The country that south of Edmonton is beautiful now with the snow melting under a sun which decided to come out at this more convenient time.

But the pastoral, peaceful scene is somewhat marred by the strong odor of oil on the spring breeze. It's an odd sensation to have the ever surveying picture postcard rural country and the noise of the fragrant gas station.

The visitor thinks twice about lighting a match.

TRACERHOUS ROADS

The roads inside the city of Edmonton are unbelievably atrocious. One can see the potholes of this fast-growing town is that there's no other place of similar population so widely spread out. Whether it's fact or fiction, the nature of the roads is probably that Edmonton's area is greater than Chicago's it could be.

Whatever advantage this may have in impressing visitors, it means a whopping bill in building streets and sidewalks.

The residential area, for example, is a place of beautiful new homes, has no sidewalks whatever, and cow paths roads that would challenge a tank. Probably no city in the world has so many cow paths as Edmonton.

Otherwise the visitors' impression (and well supported by Chamber of Commerce statistics) is one of tremendous activity and potential.

Anyone who expects a small town atmosphere is soon jarred into reality. Every day is like Christmas in the big ultra-modern department stores. There is hardly a half-hour in the day that a place doesn't roar low over the sprawling business district.

Bishop Savaryn Installation Will Be Held Tuesday

Installation of Bishop Neil Savaryn as superior for the newly established western diocese of the Ukrainian Greek Catholic church will take place Tuesday at St. Joseph's Cathedral in Edmonton.

Bishop Savaryn was former superior of the Basilian Fathers monastery at Mundare.

It is expected that Cardinal McGraw of Toronto will attend the services along with 25 bishops and 50 priests.

Ukrainian sermon during the service will be preached by Bishop Savaryn. The ceremony will be held at the home of the bishop's parents.

It is joining the staff of the Can-Texas Drilling Co., operating in the Leduc and other Alberta oil fields.

Former Edmonton Bulletin employee Mr. Powers is attending the service. He was a graduate of the University of Alberta, and joined the city engineer's department staff in 1940.

Following the signing of the register.

After the ceremony a reception was held at the home of the bishop's parents.

On Saturday the crown withdrew the charge against him. No explanation was given.

About a week ago a man from Massachusetts gave himself up to police stating he was wanted by the FBI in the U.S.A. for conversion of \$18,000.

A check with Washington revealed nothing and police here were obliged to turn the man free.

Big Housing Project Before City Council

Four, Five Room Homes Built on Rental Basis

City council tonight will be asked to ratify a 50-year agreement under which 250 houses will be erected here for rental to war veterans or their dependents.

The dwellings will be erected by Wartime Housing Ltd., a Crown company, and work on the project will start as soon as possible after the agreement has been executed and delivered.

The houses will be located in the following subdivisions: Northview, Westwood, North Inglewood, Leaside and Bellevue.

The agreement carries a provision that the company may sell the houses to the owner of the land on which the company to do so, but to operate the project on a rental basis.

Estimated cost of four-roomed houses with basements and six-roomed houses with basements, \$6,000.

RENTAL BASE SET

The rental of the four-roomed houses is \$14.75 and of the five-roomed houses \$16.75. The rent is an adjustment by way of increase or decrease of 60 cents a month for every 10 per cent increase or decrease in the actual cost of the houses above the estimated.

The company will pay \$200 a house towards the cost of the land. The rental of the five-roomed houses is \$14.75 and of the four-roomed houses \$16.75. The rent is an adjustment by way of increase or decrease of 60 cents a month for every 10 per cent increase or decrease in the actual cost of the houses above the estimated.

The company will pay \$200 a house towards the cost of the land. The rental of the five-roomed houses is \$14.75 and of the four-roomed houses \$16.75. SHOPPING GUIDE

Apples Make Final Appearance on Market

By Bes Thrifty

An apple a day keeps the doctor away . . . So goes the old adage—housewives should look to their family's welfare and take advantage of the last appearance of apples this season.

"Wine and Apples" variety, which sings the "Swan Song" for the apple family—appeared in city stores Monday. They are selling at a slightly higher price than apples have been all winter—about 2 or 3 per pound difference.

They will be available for about a month.

Another fruit that is just "plum" of vitamins is the prune. You can buy sweet, flavorful prunes for 17c to 25c per pound. Ways to serve in a variety of ways—you can even serve them cooked—providing you soak them over night in pineapple juice or orange juice or just plain water.

Edmonton housewives are looking for the bright side of things and are going ahead with their spring-cleaning, in spite of winter's obvious reluctance to leave. Handy as handy can be is a new scouring powder that cleans painted and enameled surfaces quickly—without a flash and without damage to the finish. You can buy this in a carton for 35c.

When you entertain at dinner or even a buffet supper party—wise plan to serve the appetizer in the living room. Get something to keep your guests occupied happily for about twenty minutes or so, while you put the finishing touches to the dinner.

Gems from the vegetable market—onions appeared in the stores Monday morning. You can buy 10, 14 and 20 lb. sizes for 25c per lb.

Australian onions will be in fair supply through the coming season—selling right now—two pounds for 25c.

Products of the soap-cleanser type without question, have their virtues and advantages. Dishes are left free from soapy film and are left sparkling clean.

The harder the water—the more you will notice this advantage. If you insist on using soap, look for a cleaner use primarily for dishes and light laundering—instead of all-purpose use.

Step up meat flavor by adding meat extract, bouillon cubes, canned bouillon.

Bottled sauces for gravy also give color and flavor.

Pickles, pickles and more pickles to eatables are available once again. You can buy dills, sliced or whole, for about 10c a jar. All types of sweet or cucumber, onion and beet pickles for 35c or 40c.

Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR TUESDAY, APRIL 13, 1948

March 31 to April 30 (Aries)—You will receive extra recognition, good advertising, promotion, training and selling, and all the progressive methods. Much of value will be found in ideas of people.

April 1 to May 31 (Taurus)—You will receive excellent opportunities for advancement in small business ventures. Be interested in small business ventures. Be interested in small business ventures. Be interested in small business ventures.

May 1 to June 30 (Gemini)—Take your work, but not yourself, seriously. Be extra effort. Be extra effort. Be extra effort.

June 1 to July 31 (Cancer)—Your work, but not yourself, seriously. Be extra effort. Be extra effort. Be extra effort.

Wedding Invitations Must Be Correct!

By Josephine Lowman

"Mr. and Mrs. William F. Brown request the honor of your presence at . . . your wedding!"

The invitation is the most thrilling piece of paper you have ever prepared and you want it to be perfect in every detail. Just as the wedding itself.

First, get the date and announce the date of the wedding in the first page of folded sheets of fine paper. The color should be white, or white, ivory, or cream.

Two envelopes are correct, the outer one bearing the guest's full name; the inner, with unglazed paper, carrying the title and name, such as "Miss Richardson."

Can't you be asked, "Should the title be left in the invitation?" Since the title is only put there to indicate the name of the guest, there's no reason to keep it.

From the day "the" pops the question until the day the bride and groom are joined together, our Reader Service booklet No. 20 tells you the correct thing. Invitations, wedding cards, expenses, gifts, ceremony and reception.

For budget-minded brides and those to whom money is no object. Send 30 cents (coin) for "How to Plan Your Wedding," The Edmonton Bulletin, Reader Service, 60 Front Street, W., Toronto. Print name, address, booklet title, No. 20.

Why Grow Old?

Hit your wagon to the stars, girls. You might even want to aim at one as lovely as Maureen O'Sullivan.

By Josephine Lowman

A reader sends me this thought: "It is better to look at the stars and hit a stump than to set your sights on a stump and hit the ground."

I like this, don't you? A star is so much prettier to look at than a stump and brings so much more inspiration to the mind and heart.

We have our eyes on a stump we may, of course, adieu it and miss a ball but it seems worth the gamble of looking at a star and taking a slip if necessary.

Can't you see the title and name, such as "Miss Richardson."

Can't you be asked, "Should the title be left in the invitation?" Since the title is only put there to indicate the name of the guest, there's no reason to keep it.

From the day "the" pops the question until the day the bride and groom are joined together, our Reader Service booklet No. 20 tells you the correct thing. Invitations, wedding cards, expenses, gifts, ceremony and reception.

YOUR BABY AND MINE
Dangerous to Stuff Nose With Foreign Objects

By Myrtle Meyer Eldred

Children enjoy minor sensations which parents find hard to understand. Head-bumping, half-pulling, stuffing objects into ears or noses, all of these seem highly unpleasant as well as dangerous in some instances.

Yet children find some sensory stimulation in such habits and resist the parent's effort to prevent their indulgence.

Mrs. R. E. writes that her baby has sucked her thumb ever since she was born. She has been sucking her thumb for eight months of age. Since her fourteenth month she has been picking her nose with her fingers and putting it into her ears or nose as she sucks her thumb.

"She began this move strenuously after her second baby girl was born. She also picked her nose at previous unsightly toilet habits. I ignored this and now she is much better."

SOMETHING ON THUMB

"But what would cause her to pull wool from objects is beyond me. None of my friends has ever heard of this habit. We have had results in some strain which she is."

TO DAY THURSDAY

Photo by House Studios

Canada Expects Big Tourist Boom

All Sections of the Dominion But One May Share Business

By The Canadian Press

The Dominion's vast tourist industry, still dangling rich attractions as lobster caravans, the Dionne quintuplets and Alaska highway before the eyes of Americans, looks for a boom year this summer. The optimism is backed by Canadian tourist bureau officials who predict the \$212,000,000 intake last year will be topped.

Predictions are based partly on the increased number of inquiries coming into the bureau at Ottawa last year. That number is expected to be topped during 1948. Inquiries are handled daily for information when 4,000 inquiries turned up in one day's mail.

More visitors. While the average amount spent by each tourist declined in 1947 compared with 1946, the difference was made up by a 71-per-cent increase in the number of visitors last year. That number is expected to be topped during 1948. A Canadian Press survey shows that all sections of the Dominion should share in this increased business with the possible exception of New Brunswick.

"The fish money era is over and the post-war meal has been plucked," said Information Director D. W. Griffiths of the New Brunswick government. "Prospects for 1948 are reasonable, but not inquiries are not as heavy as last year."

Picture bright. But everywhere else the picture looks bright. Nova Scotia annually attracts thousands of fishermen who congregate for exhibitions, lobster caravans and tuna fish tours. Last summer about 100,000 tourists spent approximately \$23,000,000 in Nova Scotia.

A total of 10,136 tourists spent \$8,110,929 in Quebec last year, and officials expect the tourist trade to be as good as late in the year, if not better. The Quebec government is also planning to make the province a year-round tourist centre.

Sixty per cent of all Canada's tourist traffic is concentrated in Ontario and preparations are under way to receive more than the 345,949 American visitors in 1948. The Manitoba provincial tourist bureau is publicizing the province as a "family vacation spot" in the province's largest advertising campaign. Tourist traffic last year brought more than 110,000 visitors, mostly Americans, to the province and about \$12,000,000 to Manitobans.

Many inquiries. As a result of advertisements in United States newspapers, inquiries regarding Saskatchewan resorts are pouring into provincial offices. The government expects a tourist boom this year, especially in northern Saskatchewan and camping grounds.

More than 100,000 tourists are expected to pass through the province this year—about 50,000 of these from across the American border. The visitors will go on a "safari-hunt" while about 50,000 likely will go hunting and fishing. Already the number of Americans coming to the province has exceeded the number reported last year at this time.

Alberta tourist trade is increasing. Murphy has said he is willing to give any tribal of the CCL, or of his own volition.

Split In Ranks At Labor Banquet

VANCOUVER, April 12.—(CP)—The Vancouver Maritime Union, a Canadian Congress of Labor workers director, will file official trade union charges against Harry Murphy, vice-president of the British Columbia Federation of Labor. The charges arise out of an address made by Murphy at a Labor lobby banquet in Victoria Thursday in which he made what Murphy termed "despicable charges" against CCL officials.

Murphy's address caused a split in the Labor lobby at Victoria Friday when 15 delegates, led by Mahoney, walked out after demanding a withdrawal by Murphy. Mahoney said affidavits of his charges will be filed with Congress headquarters by the end of next week.

Murphy has said he is willing to give any tribal of the CCL, or of his own volition.

More than half the budget had been earmarked for adjustment of teachers' salaries.

The city now has about 300 teachers.

Louis Gauthier, Early West Surveyor, Dies In Ottawa, 90.

OTTAWA, April 12.—(CP)—Louis Gauthier, 90, who drew the first town plan for Prince Albert, Sask., died of a heart attack at his home in Ottawa Sunday.

During a brilliant 40 years as government draughtsman and topographer, he participated in early surveys of Canada's west, collaborated in the production of relief maps for the settlement of the Alaska boundary dispute, assisted in the designing of the Jasper observatory in Ontario and invented a system of miniature portable maps for surveyors.

It was in 1882, while surveying the railway line between Moose Jaw and Battleford for the CPR, that he drew the first plan of the area which is now Prince Albert.

Stay Of Execution Is Granted Vescio

WINNIPEG, April 12.—(CP)—A stay of execution was granted Saturday to the execution of Angelo Vescio of Fort Arthur, sentenced to be hanged April 16 for the gun slaying of Sergeant George Robert Smith. It was Vescio's second stay.

The reprieve was granted by Chief Justice E. A. McPherson of the Manitoba court of appeal. It was necessitated by the fact an appeal decision has not yet been handed down on a hearing before the Manitoba court of appeal. Appeal decision is expected early next week.

CATS UP POLE OUT OF LUCK

LOS ANGELES, April 12.—(AP)—There are two things which make cats climb poles and stay there, says Fire Chief John Alderson. Frustration in love, and indignation.

Neither, he says—taking note that this is the reason for such pole-sitting—it must be important, though fighting fires. Hence fire trucks this year will not answer calls from housewives to come rescue their pets.

Island Lighthouse To Be Dismantled

HALIFAX, April 12.—(CP)—Three transport department workmen jet Saturday in an RCA flying boat for Sable Island where they will begin dismantling a lighthouse at the western end of the treacherous sandspit, 140 miles east.

The lighthouse, out of use for some time, has become undermined

Gandhi's Son Makes Land Act Protest

JOHANNESBURG, South Africa, April 12.—(Reuters)—Munshi Gandhi, son of the late Mahatma, yesterday demonstrated against the land tenure act by leading nine other Indians across the border from Natal to the Transvaal and replying to police at Volksrust. He then continued his journey in Johannesburg, although the other members of his party and five other Indians who crossed the border from the Transvaal to Natal at the same time, were arrested.

Police did not explain why Gandhi was not arrested. Under the 1936 Asiatic land tenure and Indian Representation Act—called the "Ghetto" Act by local Indians—Asiatics are restricted in their movements from one state of the Union to another.

by the relentless arid and shifting sands, and departmental engineers recently surveyed the bleak island for a suitable site to build a new structure.

EVEN BEGGARS IN ITALIAN VOTE

ROME, April 12.—(AP)—Even the beggars are getting into the Italian elections, only seven days off.

A dispatch from Teramo, in Central Italy, yesterday said a beggar there has changed his plea to: "Just for a few days more please. After April 18 I will never need anything again."

Malcolm MacDonald Returns To Britain

MONTREAL, April 12.—(CP)—Right Hon. Malcolm MacDonald, governor-general of Canada, left Montreal Friday night by air for Britain, where he will remain for several weeks for consultations with the foreign office. He then returns to the East where he will take up his new duties as commissioner general for Southeast Asia.

Mrs. MacDonald and her children will remain in Ottawa until May 1.

Spectacular Russ Act Likely in Italo Voting

WASHINGTON, April 12.—(AP)—Some spectacular Russian act to influence Italy's elections is expected by American officials after the brusque Western suggestion that Russia make up her mind about Trieste.

Britain, the United States and France Saturday asked the USSR to take a stand—without further delay—in the proposal to turn the disputed city back to Italy.

Moscow has kept silent since the plan has advanced unexpectedly March 20 and quickly accepted by Italian Premier Alcide De Gasperi's anti-Communist government.

With only eight days left before the crucial Italian election, the Western powers asked the Russians to meet in Paris early next month to work out the Trieste transfer details. It would mean revision of the Italian peace treaty which went into effect last September.

Moscow might hope to win Italian votes for Communism by accepting, but some Russian action more positive and spectacular than falling in step with the Western powers is considered far more likely by authorities.

Dies In Hospital

TORONTO, April 12.—(CP)—Dr. Harry Glendinning, 68, prominent Toronto surgeon, died in hospital Saturday. He had been ill for more than a year. Dr. Glendinning was a former Toronto alderman.

"Protocol M" Is Forgery

NEW YORK, April 12.—(CP)—The New York Times said yesterday in a dispatch from Geneva, Italy, that "Protocol M," allegedly containing Communist information bureau instructions for action by German Communists, has been proved a forgery.

Attributing the information to a reliable source, the dispatch said that the British intelligence service, originally hoodwinked into believing the protocol genuine, discovered that it actually was prepared by an anti-Communist German.

Author arrested. The author of the document was tracked down and arrested and is understood to have confessed, the story continued.

The protocol was first fed into British authorities last winter. Convinced that it was genuine, they released it for publication. The dispatch added that a network of forgers and spies are busily peddling allegedly secret documents to embassies, intelligence officers, ministries and newspaper correspondents. The market for such "phony" documents is probably better today than ever before.

Explosion Rips Montreal Plant

MONTREAL, April 12.—(CP)—An explosion ripped through the main pump house of the Montreal waterworks system last night but police said no one was injured although the two-story building was aflame.

A general alarm called all Verdun firemen to the scene and several stations from Montreal also attended the blaze.

It was not known whether the explosion would affect the supply of water in the metropolitan area but police said reservoirs could meet its needs for several days, giving time to install temporary pumps or to repair those damaged by the explosion.

Meanwhile, a three-alarm fire raged out of control in a five-story building on downtown Commissioners street near the waterfront where strong winds fanned the fire. The St. Lawrence hampered firemen.

The waterworks explosion occurred while 150 firemen battled the Commissioners street blaze where wind prevented firemen from directing their streams of water on the top floors.

Saint John School Teachers To Talk Mass Resignations

SAINT JOHN, N.B., April 12.—(CP)—Reports that as many as 90 Saint John school teachers would resign were heard Sunday, as a special meeting of the Saint John Teachers' Association was called for today.

The meeting is to discuss recent city council action in cutting about \$80,000 from the annual school budget asked by the Board of School Trustees.

More than half the budget had been earmarked for adjustment of teachers' salaries.

The city now has about 300 teachers.

Louis Gauthier, Early West Surveyor, Dies In Ottawa, 90

OTTAWA, April 12.—(CP)—Louis Gauthier, 90, who drew the first town plan for Prince Albert, Sask., died of a heart attack at his home in Ottawa Sunday.

During a brilliant 40 years as government draughtsman and topographer, he participated in early surveys of Canada's west, collaborated in the production of relief maps for the settlement of the Alaska boundary dispute, assisted in the designing of the Jasper observatory in Ontario and invented a system of miniature portable maps for surveyors.

It was in 1882, while surveying the railway line between Moose Jaw and Battleford for the CPR, that he drew the first plan of the area which is now Prince Albert.

BRIDGE

On the Third Bid

A Snag Crops Up

By William E. McKenney

A surprising number of people throughout the United States make a very good living teaching bridge to the past teachers' convention have been held by bridge authorities who published books. Ely Culbertson used to hold a course every year. Charles H. Goren is holding one at the La Salle Hotel in Chicago May 13-15.

I would like to present, under the hand of Goren's convention and see if the teachers run into the bidding bug, the experts out with.

The snafu comes on the third bid

Conservation Board figures for the week ended April 12 show average daily production for the province was 21,979 barrels, compared with 21,373 for the previous week and 14,623 barrels for the same week last year.

Turner Valley's average dropped slightly but production from Leduc and other fields was above average for the previous week. The province averaged 5,753 barrels daily in the week ended April 12, compared with 5,753 barrels daily in the week ended April 5. The week ended April 12 gave a daily average of 5,753 barrels.

Home Oil Company's recently acquired No. 3 well was given a four-hour flush run last week and produced crude at the rate of 142 barrels per day. This gives the well a 3,400 barrel per day potential.

Somehow between Imperial and the 27 wells in the No. 42 the D3 zone hits a record high elevation according to figures from the top of the well. These two have the record high elevations in the D3 zone.

Imperial Leduc No. 42 found the zone 147 feet higher than the special Leduc No. 1 and 2 wells. Leduc No. 1 and 2 wells failed to find oil. East of the field, the field failed to find the zone at all. Calmwood Leduc, rising up to the zone, is a good oil shortage as needed.

No water level was reported for the D2 zone. In the main field D2 zone development has always had a water level, but this time the water level was reported for the D2 zone.

Muker No. 1 is below the 9,000-foot mark. It is understood that the agreement, under which Imperial is drilling from the 9,000-foot mark, is a 1,000-foot better. Imperial is drilling from the 9,000-foot mark, is a 1,000-foot better.

Imperial is drilling from the 9,000-foot mark, is a 1,000-foot better. Imperial is drilling from the 9,000-foot mark, is a 1,000-foot better. Imperial is drilling from the 9,000-foot mark, is a 1,000-foot better.

Stocks Of Butter

Reduced To Half

OTTAWA, April 12.—(CP)—The Bureau of Statistics reported Saturday that stocks of creamery butter at this time last year were almost twice as large as they are today — 13,300,000 pounds in cold storage, dairy factories and in transit on April 1, 1947, compared with 6,100,000 pounds for the same 1946 date.

Friday the bureau reported that production of creamery butter for the first three months of this year was 1,000,000 pounds, compared with 1,000,000 pounds for the same period of 1947.

The latest report also said that current stocks of dairy butter totaled 4,000 pounds compared with 4,000 pounds for the same period of 1947.

Stocks of evaporated whole milk held by or for manufacturers on April 1 amounted to 3,472,000 pounds, compared with 3,472,000 pounds for the same period of 1947.

The public's demand for milk is 400 million pounds in mid-May, according to the bureau. It has an area of 22,280 square miles.

HIGHEST INDEX FOR OVER YEAR

Possible Re-Armament

Base Metal Stocks

By The Canadian Press

The effect of the proposed United States re-armament and stockpiling program is well illustrated by the strength of base metals.

In Saturday's stock session in Toronto the advanced 2.5 in the exchange's index to reach 91.38, their highest in more than a year and a gain of 12.5 since March 16.

The combined effects of re-armament and stockpiling program have to an extent taken attention away from an industrial program which will affect them and industry in general for months to come.

Strong Oil List Features Trading

Western Issues Continue To Register Increases

TORONTO, April 12.—(CP)—A strong and active western oil list featured trading on the Toronto Stock Exchange today. Nearly all issues listed advanced, with gains ranging up to about 50 cents with several stocks turning over about 50,000 shares each.

Industrial issues and golds, a mildly active but base metals were irregular, turning easy after a strong opening. Volume was about 1,400,000 shares.

Lading wells in activity and advances were Anglo-Canadian, Calgary and Edmonton, Consolidated Homestead, Dubsboro, East Leduc, Footbills, Globe Oil, Home Oil, Okla. and Royalite.

Sherritt Gordon featured the list at opening when Saturday's sharp advance was followed by another shortly afterwards, however, the trend was reversed and the stock showed a substantial loss towards the close. Easter stocks in the West were more active than in the East, with gains ranging up to about 50 cents.

Trading in barley was less active than in oats, with locals and commission house demand reported. Offerings here, too, were reduced one cent from Saturday.

Profit-Taking Stops Rally

CHICAGO, April 12.—(AP)—Grain futures prices were unable to make headway today because of profit-taking.

Wheat opened at 1 1/2 cents a bushel higher on buying stimulated by the announcement that the government had increased its buying price for wheat 1 1/2 cents. Corn was 1/4 cent higher, and soybeans 1/4 cent higher.

There was a brief rally about 10:30 a.m. when the market rallied 1/4 cent. The rally was short-lived, however, and prices turned downward and stayed there most of the day.

There was a brief rally about 10:30 a.m. when the market rallied 1/4 cent. The rally was short-lived, however, and prices turned downward and stayed there most of the day.
